Gardner Nelson's Trial.

The examining trial of Gardner Nelson, charged with malicious cutting and wounding Floyd Horton on July 4th, was held before Judge Derickson at Stanton Saturday, and he was held to await the action of the Grand Jury under a \$2,000 bond which he failed to give, and was remanded to the county jail.

The Commonwealth was represented by County Attorney, J. D. Atkinson, assisted by C. F. Spencer, of Winchester. The defendant was represented by Attorney R. C. Welch.

Why He is Not for Bryan.

Capt. William H. Robinson, for thirty years a leader in the Republican party in Virginia has come out in a letter repudiating Taft and announcing his intention of supporting Bryan. He gives as his reason for leaving the party that Taft is a Unitarian. He says: "All the money in the world could not induce me to vote for a man for President who does not believe in Jesus Christ."

He speaks of Bryan as being a Christian gentleman and appeals to all Christians to support The Commoner

Wants Heavy Damages.

Millard Dennis, of Winchester, has brought suit for \$16,000.00 damages against the Lexington & Eastern railroad. Dennis was shot in this county on an L. & E. train July 4th while returning to Winchester during the fight between Gardner Nelson and Floyd and Rees Horton. Dennis was shot by a stray bullet and claims to have lost the use of one arm besides the great pain and loss of time in his confinement during the healing of the wounds.

Good Plan for Jailor.

We learn from our Kimbrell correspondent this week that our friend John W. Elkin, postmaster at Sams, is a Republican candidate for Jailor of Estill county. John is a good clever gentleman and we do hope he will have smooth sailing right into the job. as Estill is hopelessly Republican and one of this party must come in. There is no better fellow than John Elkin, notwithstanding the fact he is stanch Republican.

Advantages of Cash Business.

If every business man in our town could do business on a strictly cash system it would be a blessing to us all. If we all had to pay cash we would learn to live within our means. It would save business men the expense of bookkeepers and the loss of bad debts all of which some one has to pay for. If our town could gradually work into a strictly cash system it would be better for us all.

The railroads haven't got much to do but they certainly do take their time in doing what they do. We are compelled to belate this week because of delay in the transit of our white paper stock, which was shipped from the wholesale house in Louisville in ample time to have reached us

several days before press day, but instead the paper has not yet reached us and we are compelled to use book paper which is a little small but large enough to hold all the reading.

Unthinking Carelessness.

It is safe to say that one-half of the business done by the catalog houses comes from people who have given the matter no thought. The pictures in the catalogs look attractive and the statements in the advertisements are so alluring that they send in an order without giving a thought to the principle involved. They do not even take the trouble to see if they cannot do better at home. Good citizens otherwise, many are thoughtless about this matter of home trade, one of the most important duties of citizenship.

Returns from Ohio.

Harvey Carr returned Thursday from an eighteen days trip through Ohio and eastern Kentucky. Mr. Carr is a native of Ohio, and said on his visit to his old home he saw among other relatives a sister that he had not seen before for 37 years. Mr. Carr reports corn crops in the Buckeye state much shorter than in this part of the state of Kentucky.

Clay City Boys Defeated.

The Stanton base ball team came down Sunday and did our boys cruelly by taking away 5 scores to nothing. The Stanton team is doing some real fine playing this year. Their many Clay City admirers extend best wishes for their excellent opponents. The Stanton team will play the Cincinnati Eagles Sunday, and a most interesting game is assured.

Mr. and Mrs. Davy S. Christopher, of Miami, Texas, arrived here Saturday to visit relatives and friends. Mr. and Mrs. Chris-

topher left here six teen years ago, and have found a very pleasant home in the Panhandle country of Western Texas. They report all the Kentucky people there well and doing well.

Good Country Roads.

A good country road is always to be desired and is a score of comfort and convenience to every traveler. Good roads attract population as well as good schools and churches. Good roads improve the value of property, so that a farm, lying five miles from market, connected by a bad road is said to be of less value than an equally good farm lying ten miles away from market, connected by a good road. A larger load can be drawn by one horse over a good road than by two over a bad one. Good roads encourage the greater exchange of products and commodities between one section and another.

Sunday afternoon eleven new converts were baptized into the Powell's Valley Baptist church by the pastor Elder J. T. Turpin. This is the result of a successful revival just closed with the church in which Elder Turpin did all the preaching.

Chief Police A. P. Johnson has returned from a few weeks vacation in Indiana and is again on duty. He says the outlook for Democratic success is exceedingly bright and very hopeful in the Hoosier state.

Eli Benton, of Irvin has opened up a pool room in the S. J. Anderson building and the same is being very liberally patronized.

Teeth extracted without pain, plates made, teeth filled, all kinds of crown and bride work at reasonable prices. See Dr. S. P. Hammons up stairs over S. J. Anderson for 30 days.

Satisfied.

Some time ago Mrs. H. A. Roth began an action against Sawbuck & Co. for damages in the death of her husband. Last week one of the vice presidents of the company called in Benton and settled the matter by paying Mrs. Roth \$1,250 and expenses of the case. It was alleged that her late husband sent in an order to this company for grain alcohol and he received wood alcohol. He drank some of it and died. That's one of the times the mail order house got it in the neck.—Benton (O.) News.

"People these days are uncharitable," declared a Southern minister who preached in a local pulpit Sunday. "If a man is religious, we say he is a hypocrite; if he is irreligious, we call him a heathen. If he goes into politics, we declare he's there for graft; if he stay out of politics, we call him unpatriotic. As much as we need to cultivate charity of the purse strings, we need more charity of the point of view."

Dr. S. P. Hammons, the dentist located in this city, is proving to be fine in his profession. If you need any kind of dental work be sure to see Dr. Hammons before he leaves the city.

Wants His Money.

An exchange quickens the memories of its delinquents in the following manner: "All persons knowing themselves indebted to this office are requested to call and settle. Those knowing themselves indebted and not wishing to call are requested to stay at one place long enough for us to catch them."

An Apology.

An exchange very pertinently remarks: "We apologize for all mistakes made in former issues and say they were inexcusable, as all an editor has to do is to hunt news, and clean the rollers, and set type, and sweep the floor, and pen short items and fold papers, and write wrappers, and make paste, and mail the papers, and talk to visitors, and distribute type, and carry water and saw wood and read proofs, and hunt the shears to write editorials, dodge the bills and dun delinquents, and take cussings from the whole force, and tell our subscribers that we must have money—we say that we've no business to make mistakes while attending to those little matters and getting our living on hopper tail soup flavored with imagination, and wearing old shoes and no collar and a patch on our pants and obliged to turn a smiling countenance to the man who tells us our paper ain't worth a dollar and fifty cents anyhow, and that he could make a better one with his eyes shut."

Dr. S. P. Hammons, Dentist, will be upstairs over S. J. Anderson's in this city for thirty days, beginning August 10th.

We Want The Orphans.

The Highland Orphans Home at Clay City is ready for the orphan girls in the mountains. It is a large three story brick house, beautifully situated at Clay City. It is owned by the Society of Soul Winners, and

supported by good people every where. Orphan girls between the ages of five and thirteen, will be received, if eligible. We hope to take the boys later. Before they are sent, we want to know the name, age, health, character, etc., etc. Only those who have neither father or mother will be relieved at present. We request all those who have any such children to write to Dr. Edward O. Guerrant, Wilmore, Ky. Also will thank all ministers and county officers to give information as to any such children. The Home will clothe, educate and care for these children, for His sake who loves them. There is not a better home in Kentucky. Write at once to Dr. Edward O. Guerrant, Wilmore, Ky.

We are often asked "What is the best age of man or woman?" The question is well answered in this way: The best age is when a person is young enough to be gay with the children and old enough to be a good grown-up.

Hygeno DIP AND DISINFECTANT
THRIFTY LIVE STOCK

The all important question with the farmer and live stock raiser is how to produce the most beef, pork or mutton with the smallest expense. The only answer is, prevent disease rather than try to cure it. Hygeno—dip and disinfectant is a powerful germicide and positive insecticide. Used occasionally as a dip and spray it will keep the livestock in a healthy and thrifty condition. Hygeno costs less than one cent a gallon when diluted and we can positively say it will cost you more if you do not use Hygeno than it will if you do. If your dealer cannot supply you with Hygeno, send us his name and we will take care of you and mail our Health Book and free sample.

LETTERS FROM USERS OF THE

Syracuse "EASY" Washer

"Your machine is a complete success. I learned more about washing out of your little booklet than I ever would have from all the women you could stand in a row. I have been paying \$1.25 a week for washing when I can do the same in two hours with the 'EASY'."

"We have tried the 'EASY' and find it just as you represent it and the only washer I ever saw that does the washing clean without rubbing on the board. It is easy to work and does the washing thoroughly. It certainly has no equal."

E. E. LIGGETT, R. D. 1, Box 4, Avella, Pa.
